

BETHESDA CHILD OF THE MONTH

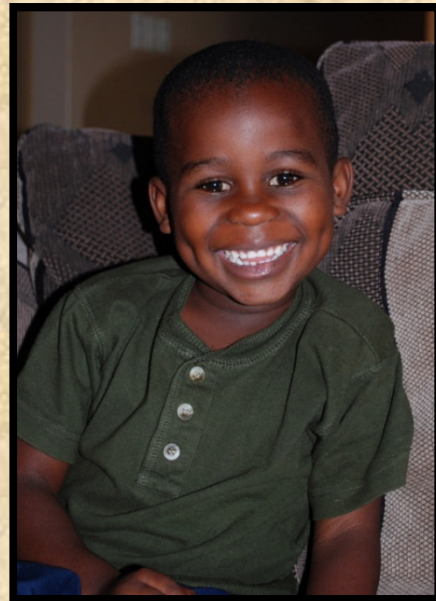

June 2009

Thabiso

Thabiso is a happy, joyful three year-old boy that has recently joined the Shikwambane family along with his younger brother, Junior. He is still adjusting to all of the changes involved in moving into a new home, but loves having many new siblings to play with and parents that love him! Thabiso enjoys being with people and is quite talkative.

At home, Thabiso enjoys being a helper. He especially enjoys helping with his younger brother when everyone else in the family has gone to school. He loves to play, eat, dance, and sing. He's learning new songs that glorify God and loves to sing them.

He is thankful to be getting good care and have loving parents that teach him about God here at Bethesda.

Thabiso (Ta-be-so)

Thabiso and friend Tshepi

Thabiso is continuing to adjust to his new family and to the structure and discipline of a godly home. Please pray for him as he still often thinks about his former home.

Another lesson Thabiso is learning with the help of his parents, is about speaking properly. He had learned many bad words prior to coming to Bethesda and is learning to speak in ways that honor God. Please pray that he will be responsive and desire to please God in the way that he talks to others.

Most importantly, pray that God's Word will impact Thabiso's heart and he will develop a love for the Lord, understand his need of salvation, and accept Christ.

* Pray for Thabiso *

- He will grow in loving the Lord
- He will change his bad language to speech that pleases God
