

BETHESDA CHILD OF THE MONTH

July 2009

Junior-

Junior is a sweet one year old little boy who joined the Bethesda family along with his older brother Thabiso in March. After staying with the Shikwambane family for several months, he and Thabiso recently moved to their permanent home with our newest houseparents, the Sithole family.

Junior has just learned to walk and is learning to say words. He can often be heard around his house saying "Hey man!" ☺

He loves to sing and try to dance along with the others who are singing. Once he gets to know you, he is full of giggles and smiles. One of his favorite times of the day is breakfast!

His parents say that two of Junior's greatest strengths are his patience and his discipline. He is growing and changing everyday under their consistent teaching.

Junior

Please pray for Junior as he struggles to fall asleep at night. You can also join the family in praying that his health will continue to improve as he continues to receive good care and nutrition. He has made much improvement since coming to Bethesda, but still struggles at times with respiratory problems.

As Junior continues to grow, pray that he will come to an understanding of His loving heavenly Father who sovereignly placed him here at Bethesda in the Sithole's home. Pray that he will understand his need of a Savior through the consistent teaching he receives everyday at family devotions and other times. We are all looking forward to seeing how God is going to continue working in Junior's life!

Junior and his brother Thabiso

* Pray for Junior *

- That he will be able to sleep better each night
 - That his health will continue improving
- That he will come to know the Lord in the future
