

CHILD OF THE MONTH JANUARY 2021 L.M.

L is going on 11 years old this year and has been at Bethesda for most of her life. Even though her start was a bit challenging, God has given her a wonderful family to call her own. She is a loving child who enjoys playing outside with her friends. She also enjoys writing when she's at home. She is a great help around the house as she cleans and helps out in the kitchen.

L is very sociable and doesn't like to miss school because so many of her friends are there. She struggles with school work but still works diligently even though it's hard.

She recently told her mom that she likes to be at Bethesda because they love and care for her and give her gifts and clothes to wear. Her mom would ask that you pray that she will come to know God and understand His greatest gift to her in sending Jesus to die for her sins. They would also like to ask that you pray that she grows in wisdom. Thank you for praying for this sweet young lady.

Please pray for L

- To grow in her understanding of the Gospel and Jesus' sacrifice for her
- To remain diligent at school when academics are difficult.

CHILD OF THE MONTH FEBRUARY B.M.

Please pray for B

- To handle correction as it is intended
- To grow in her understanding of God and His love for her

B is turning 15 this year. Although going to church has been a lot more challenging this year due to Covid, we are thankful that she, along with her family, is able to be fully involved again. She enjoys participating in worship and other activities at her church. She is also doing well at school. When she is home, she enjoys helping out in the kitchen by cooking and baking.

Her mom describes her as being a serious person who does not enjoy being with a lot of different people, she prefers a few good friends. She prefers to be inside and is a peacemaker within her home. She is a courageous young lady who is not afraid to share her thoughts about Scripture during their family devotional times.

You can pray that B will learn to handle correction better and that she will make wise choices in her behavior. Pray that she will know that God her Father loves her, sent Jesus to be her Saviour, and that her parents only want what is best for her. Thank you for praying for B.
