

4 January 2021

Dear JCA Parents,

### **RE-OPENING OF JABULANE CHRISTIAN ACADEMY**

I hope that each of our families experienced the joy of Jesus our Saviour during this festive period and enjoyed some quality time together as a family. My prayer for each of our learners, parents and staff members is to have renewed hope, peace and wisdom this year, and to be thankful in all circumstances (1 The 5:18).

#### **1. Adjusted Lockdown Level 3**

On 28 December 2020, President Ramaphosa announced that South Africa would, at midnight, move to Adjusted Lockdown Level 3. Regulations for the adjusted lockdown level were subsequently Gazetted on 29 December 2020 and will remain in effect until 15 January 2021, when they will be re-assessed. The adjusted Level 3 Lockdown restrictions are in response to a sustained increase in the number of COVID-19 infections, brought about partly by a new variant of the virus that is more transmissible.

While the adjusted regulations make no specific mention of schools, and up until today, no new directives have been given by the Department of Education, the School Management of Jabulane Christian Academy has taken the following stance:

Our school has been in operation throughout the previous lockdown level 3 during 2020, and we trust that by God's grace, we will be able to do it again if necessary. School Management continues to believe that a school is one of the safest environments where a learner can find himself/herself as long as the school strictly adheres to all Covid-19 protocols, such as wearing masks at all times, sanitising frequently and keeping social distance. We must realise that the Corona virus will be with us for a long time and we need to learn to live with it, and as far as possible, carry on with daily life.

However, School Management has decided to revise the reopening date for learners to **Monday 18 January 2021**, due to the following reasons:

- i. Gauteng is currently experiencing a rapid surge in Covid-19 infections, especially due to people returning from their holiday destinations in other provinces;
- ii. By opening the school a few days later, it will hopefully allow our learners who are returning from other destinations enough time to isolate at home to ensure that everyone is healthy when returning to school;
- iii. The delay in opening allows time to assess any government announcement that may be made on 15 January 2021 regarding the adjusted Level 3 Lockdown. The plan communicated in this letter will be subject to further announcements made by the President.

## 2. Tentative Phase-in Approach

With regard to the initial re-enrolment, Jabulane Christian Academy plans to follow a phase-in approach for the re-entry of learners to school. Four grades will return to school on Monday 18 January 2021, and the other four grades will return to school a day later, on Tuesday, 19 January 2021. This will help avoid long queues when learners sign in and report for screening on the first day of school, especially since we expect it to be a new experience for our new learners, making it a bit more time consuming.

We are hoping that once all our grades (R - 7) have phased back into school that all learners may come to school on a daily basis and be in their classrooms simultaneously, as in term 4 of last year. This will be allowed as long as the prescribed distance between desks remains 1m, which is the current requirement in the Standard Operating Procedures for Schools by the Department of Education. Should the regulations change to 1.5m, we will need to revert to rotational learning. We will keep parents updated closer to the opening date.
