CHILD OF THE MONTH
AUGUST 2021 K.M

K is 15 years old and has been at Bethesda for many years now. We have enjoyed watching how he has grown and changed over the years. He is a very good older brother to some of the other children in his home and he has a special place for one of his baby sisters whom he loves and cares for so well. He is very helpful in the kitchen and especially likes macaroni and cheese.

K struggles with academics but is nonetheless a hard worker and growing in other important life skills. He is helpful with the poultry and eggs project as well as many other outside chores. He is always happy to help someone who needs it.

He enjoys being with his friends but is also happy to be in his own quiet spaces where it is calm. He is not one to stir things up but rather tries to keep things peaceful. His mom says that overall, he takes instruction and correction well. He does find it difficult to respond well in the moment when he get upset and angry. You can pray that he grows in his self-control and finds better, more God-pleasing ways to solve problems.

You can also pray that God will work in his life and help him understand the saving work of the Gospel.

Please pray for K

- To grow in understanding of the Gospel and God's Word
- To grow in self-control—especially anger
- To continue growing in his life skills

CHILD OF THE MONTH
SEPTEMBER 2021 V.M.

Please pray for V

- To understand his need of salvation and accept Jesus as his personal Saviour.
- To open up a bit more to his parents

V is a 19 year old young man who enjoys playing soccer as well as cooking (he really likes spaghetti with mince/ground beef). He has grown into a kind and respectful person who tries his best at whatever he does. He helps with the sound system at church and has shown interest in knowing and understanding the Word of God.

He is a quiet person and a peacemaker in his home. He is good about calming down situations and a positive example to others around him. If he sees a room that needs sorting out, he will ask others to help get it clean while also working with them. He has good relationships with people and enjoys spending time with his friends.

Overall, he is doing well in school and enjoys math. You can pray that he will open up a bit more with his parents so they know how to best help and encourage him. You can also specifically pray that God will work in his heart so that he will soon understand his own need for salvation and accept Jesus. We look forward to seeing how God will use V in the future.
